

CAR CHARGER POST

- **FREE-STANDING CONSTRUCTION**
- **MODERN LOOK**
- **COMPATIBLE WITH EVERY WALLBOX CHARGER MODEL**
- **EASY INSTALLATION**
- **DEDICATED CABLE PASS-THROUGHS**
- **WITH A CANOPY PROTECTING AGAINST RAIN AND SNOW**
- **CABLE HOLDER**

APPLICATION

The design allows for the installation of any wallbox car charger. The post is equipped with cable glands, which facilitates the routing and concealment of the cables required for installation. The canopy protects the charger from rain and snow. The design fits perfectly into home and commercial charging stations. The charging post is made of powder-coated steel in RAL 9005.
