Statement on Cyber Security Certificate of GoodWe wireless network products

GoodWe hereby confirms that the following GoodWe wireless communication products have received certification of compliance with the ETSI EN 303 645 standard. GoodWe fully complies with the rigorous cybersecurity requirements set out in the G99 grid connection regulations and the Radio Equipment Directive (RED).

Furthermore, GoodWe has successfully completed the certification process for compliance with the EN 18031 standard. This certification covers the requirements specified in Article 3(3)(d), (e), and (f) of the RED, which came into force in the European Union on August 1, 2025. In summary, the products listed below that have received certification of compliance with the EN 303 645 standard also meet the requirements of EN 18031 through a firmware upgrade to the appropriate version and do not require replacement with another product.

Model	Firmware Version Requirement
WiFi/LAN Kit-20*	ARM 01 or above
EzLogger3000C	Version 6.4.3
EzLogger3000U	Version 3.3.3
EzLogger3000U-A	Version 3.3.3
SCU3000	Version 3.3.3
SCU3000-S	Version 3.3.3
SCU3000A	Version 3.3.3
SCU3000A-S	Version 3.3.3

*Note: The module SN starts with 721, meets cyber security requirements.
